

## FIX MY PC!

Merrill Computer Solutions is here to provide seacoast New Hampshire computer repair, data recovery, web design & SEO Search Engine Optimization and offer substantial savings to home & small business owners on PC repairs & tune ups, troubleshooting, installations, and networks in the Seacoast New Hampshire area. We understand the computer needs of home based PC users, as well as small businesses, including medical practices, real estate offices, law offices, home offices, and other small businesses.

Here at MCS, we recognize your need to have an efficient, stable PC environment to depend on, and a network with minimal down time. Let us repair and stabilize your current PC or network problems, and provide your home or office with future services to ensure that your office performs as efficient and as profitable as possible. We can also help you find and recommend the hardware and software solutions for your home or business at the lowest possible cost to you.

We can also provide data recovery services for your home or small business PC or laptop. We can help to recover your important data and files after a major computer crash, virus attack or accidental format of your hard drive. Please click "Services" above for more info and rates on data recovery.

Our rates are at least half what our competitors charge. If you can find lower rates for the same services...MCS will beat those rates, guaranteed. Please click "Services" for more info. If you need PC repair in the Hampton, NH area or web design for a Seacoast New Hampshire area business, you need to call MCS!

We also do web design and graphics, too! We can help you roll out an effective web presence for your customers and clients. After web design is completed, MCS can also help position your web site high in the search rankings of popular search engines like Google and Yahoo. This work is known as "Search Engine Optimization", or "SEO". MCS can provide you with not only quality web design, but quality rank search engines which equals more traffic to your web site, and more potential customers! Please contact us for more info on web design.
